Enduring Color

- UV resistant; colors stay strong and vibrant under intense sunlight
- Bleach cleanable and Chlorine Resistant

Worry Free

- Stain and mildew resistant
- Easy to clean

Fade-resistant – Sunbrella fabric is unmatched in resistance to fading and the degrading effects of sunlight.

Colorfastness – Sunbrella fibers are saturated with highly UV stable pigments. Traditional dyeing methods only add color to the fiber exterior. Sunbrella fabrics' performance characteristics are an integral part of the fabric, not an applied finish that would wash off over time. Think of a carrot versus a radish.

Durable – Sunbrella fabric retains its strength after years of cleaning and weathering.

Cleanable – Mild soap cleans most common stains. Using bleach or solvents for tough stains will not affect Sunbrella fabric, but don't try this with other fabrics.
